High quality Velcro, convenient handle, more convenient, not strangled, comfortable and easy to use!

This model is equipped with a spare side handle, multiple reinforcement, fine workmanship and quality assurance.

The newspaper can stand the side completely, and a fulcrum is set at the bottom to effectively prevent side wear.

Metal antirust paint baking pipe is adopted, with stronger bearing capacity. The length can be adjusted by pressing the setting button.

The rubber logo can be customized, with an atmospheric and fashionable appearance and high quality.

This travel bag adopts thickened ABS solid core wheel, which is firm and silent.

**Commodity comments:** the minimalist appearance design makes this bag look very clean and tidy, and the material is also extremely luxurious. 1680D waterproof nylon fabric, metal antirust paint baking tube, load-bearing pull rod, silent roller and silent landing. In addition, the capacity design is also very innovative. There are convenient pockets in the front and back, and the capacity of the main bag is also large, which is more convenient to store travel supplies.
